YOUR NDIS JOURNEY WITH N HEALTH SERVICES

Starting your NDIS journey can feel overwhelming, but we're here to make it simple and supportive. Follow these easy steps to begin receiving the services you need:

Step 1:

Initial Contact

Reach out to us by phone, email, or through our website. One of our friendly team members will answer your questions and guide you on the next steps.

Step 2:

Meet & Greet

We'll arrange a free consultation to get to know you, your goals, and your support needs. This is an opportunity to ask questions and ensure we are the right fit for you.

Step 3:

Understanding Your Needs

Together, we will discuss your NDIS plan and priorities. We listen carefully to understand your goals, preferences, and any specific supports you require.

Step 4:

Service Agreement

We provide a clear and simple Service Agreement, outlining the supports we will deliver, costs (if any), and your responsibilities. We'll make sure you understand everything before you sign.

Step 5:

Start Support

Once the agreement is signed, our qualified support workers will begin assisting you. We check in regularly to ensure your services are meeting your goals and needs.
